

## Executed Projects of New Construction Technologies for 2008

#	Name of the object	Comments	Project description
1	Isani-Samgori district, st. Cairo and Moscow Avenue, bldg. #18, reconstruction-rehabilitation of sewerage	Replaced with polyethylene sewer pipe, D=315mm, 833 p/m	Water Network Rehabilitation
2	Chugureti district, st.Laheri, reconstruction-rehabilitation of sewerage	Replaced with polyethylene sewer pipe, D=315mm 133p/m, D=225mm 447 p/m, D=160mm 175 p/m	Water Network Rehabilitation
3	Chugureti district, st. Laheri and the second lane Laheri, reconstruction-rehabilitation of water supply system	P/e pipe D=110mm 561m, D=63-35m, D=32-312m	Water Network Rehabilitation
4	Gldani district, st. Khizanishvili, reconstruction-rehabilitation of water supply system	P/e pipe D=110mm 561m, D=63-35m, D=32-312m	Water Network Rehabilitation
5	Gldani district, st. Khizanishvili, reconstruction-rehabilitation of water supply system	Replaced with polyethylene sewer pipe D=630mm 65m	Water Network Rehabilitation
6	Isani district, st.Kvareli and st.Mikeladze reconstruction-rehabilitation of water supply system	Replaced with polyethylene water pipe, D=110mm 65m, D=225mm-434m69.092	Water Network Rehabilitation
7	Isani district, st. B. Khmelnitsky reconstruction-rehabilitation of water supply system	Replaced with polyethylene water pipe D=200mm-70m, D=160-480m, D=110-892m, D=63-567m	Water Network Rehabilitation
9	Tbilisi, Krtsanisi district, st.Elijah and Nino Nakashidze, reconstruction-rehabilitation of water supply system	Replaced with polyethylene water piped=110mm-448, D=160-234m, D=32mm-300m	Water Network Rehabilitation
10	Tbilisi, Krtsanisi district, st. Tsinanuri and Tsinanuri Lane, reconstruction-rehabilitation of water supply system	Replaced with water steel pipe, D=225mm-676m, D=32mm-276m, D=10mm-940m	Water Network Rehabilitation
11	Tbilisi, Cap. Repair of sanitary zone tank at the mark of 528m, located at the end of st. Tashkent "540"	Construction and repair works	Capital Repair of Reservoir
12	Tbilisi, Samgori filter station, conducting emergency operations, overhaul	Replaced with water steel pipe D=500mm-120m	Capital Repair of Filter Station
13	Tbilisi, Gldani pumping station, overhaul	Repair works	Capital Repair of Pump Station

14	Tbilisi, Seydabani pumping station, overhaul	Repair works	Capital Repair of Pump Station
15	Tbilisi, Upper Vake pumping station, overhaul	Repair works	Capital Repair of Pump Station
16	Tbilisi, Harpuhi pumping station, overhaul	Repair works	Capital Repair of Pump Station
17	Tbilisi, Ertso st. #4, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
18	Tbilisi, Khomabudji st. #47, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
19	Tbilisi. Tsereteli st. #46, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
20	Tbilisi, Gvetadze st. #10, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
21	Tbilisi, Arbo st. #4, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
22	Tbilisi, Mtskheta st. #1, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
23	Tbilisi, Kazbegi Avenue #18, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
24	Tbilisi, Tsabadze st. #15, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
25	Tbilisi, Uznadze st. #12, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
26	Tabakhmela, cap. Repair of two water tanks	Repair works, D=325-110m, D=200mm-1206m, p/e pipe	Capital Repair of Reservoir
27	ZMK settlement, reconstruction of water supply system	Replaced with water steel pipe, D=250mm-243m, D=200mm-930m, D=75mm-685m, D=50mm-100m, D=25mm-292m	Reconstruction of WSS
28	Tbilisi, Didi Digomi, IV m/d, bldg.25, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station
29	Tbilisi, Tevdore Mgdveli st. #49, cap. repair of water pumping station for pressure increase	Booster pumps are replaced	Capital Repair of Pump Station

30	Aragvi Gorge 1. overhaul of the pumping station in Bulachauri 2. overhaul of water chlorination pumping station in Saguramo	Repair works	Capital Repair of Pump Station
31	Tbilisi, Grmagele, cap. repair of pumping stations for I and II series filter water supply station	Repair works	Capital Repair of Pump Station
32	Tbilisi, Grmagele, cap. repair of filters and sediment accumulators in the filtration plant	Repair works	Capital Repair of Filter Station
33	Tbilisi, Vazisubani 1, cap. repair of the damaged tank	Construction and repair works	Capital Repair of Reservoir
34	Tbilisi, pumping station Vazisubani 2, overhaul of the damaged reservoir V=6000m	Construction and repair works	Capital Repair of Reservoir
35	Tbilisi, Ikalts Mta st. #8, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
36	Tbilisi, Nutsubidze 4m/d, bldg. #36, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
37	Tbilisi Nutsubidze 4m/d, bldg. #22, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
38	Tbilisi, Panaskerteli st. #20, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
39	Tbilisi, Sanzona, bldg. #25, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
40	Tbilisi, Vashlijvari, bldg.#12, , cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
41	Tbilisi, Tsereteli st. #55, cap. repair of water pumping station for pressure increase	Replacement of Booster pumps	Capital Repair of Pump Station
42	Natakhtari, rehabilitation works on the tunnel and aqueduct	Replacement of Booster pumps	Rehabilitation of Aqueduct
43	Saguramo, Natakhtari, New Natakhtari, New and Old Misaktsieli, construction of approaching	Covering approaching routes with gravel	Route Construction
44	Tbilisi, restoration of asphalt coating after rehabilitation works on the water-sewerage networks	Asphalt coating is laid after rehabilitation works on water-sewerage networks	Asphalt Recovery
45	Tbilisi. Chavchvadze avenue #76 reconstruction of water supply system	Replaced with water steel pipe, D=300mm-46m,	Water Network Rehabilitation
